Certificate III In Information Technology (Focus on Computer System Support) ICT30120-01v01

- Nationally Recognised Training
- This training is subsidised by the NSW Government
- VET Student Loans available

Course description:

Certificate III in Information Technology is your connection to an exciting career as an IT technician, IT support worker, help desk officer, or ICT customer service representative. With TAFE NSW, you'll learn from specialist teachers and build industry-standard skills in applying introductory programming techniques, learning to work collaboratively as part of a team as you learn to liaise with clients and provide advice.

Course outcomes include:

- Apply introductory programming techniques
- Provide ICT advice to clients
- Install and optimise operating system software
- Provide basic system administration
- Build simple web pages
- Connect internal hardware components
